

# CENTRAL ILLINOIS WOODTURNERS SEPTEMBER NEWSLETTER

**Meeting Monday November 14, 2016 at 6:30  
Sprague Supply Shop  
Bloomington**

**Program: Roger Alexander will demonstrate Exploring the Color Wheel.**

**President's Challenge: A Christmas Ornament.**

## **President's Message**

We have a couple of members who have served the club well for several years who are stepping down after this year.

Dave Kraft has faithfully brought and set up the video equipment to meetings and demos to allow all club members to better see the details of our demos.

Dave Bloom has also worked hard for many years to ensure that we had interesting demos at each of our meetings.

Both Daves are needing for someone else to take over these important tasks that are necessary to maintain the interest that are characteristic of our meetings. Anyone who is interested in helping out with either of these tasks should contact Dick Coers.

## **Minutes of October Meeting**

Because of the need to cancel the October meeting, there are no minutes. Stay tuned for next month.

## **Treasurer's Report**

As of my 11/05/2016 mail, I have not received the October CIW Bank Statement from PNC Bank. However, I am confident of the following report.

Beginning Balance.....	\$ 436.07
Debits.....	\$ 414.02
Credits.....	\$ 2605.20
Ending Balance.....	\$2627.25

## **Wig Stands**

Just a reminder that we are still making and providing wig stands for people struggling with cancer. Bring your stand to the meeting and it will get to someone who is needing it.

### **Pro Demo's**

Thanks to everyone who participated in the Jason Clark Demo day. Special thanks to Jim Miezelis for the recommendation. I said it before that I run a 'squeaky wheel' operation. When a club member says I really want to see (insert name) turner demo, I run it down. If I can make it happen I know I'll have at least one member in attendance. Some suggestions are more challenging than others. President Coers has me on a project like that. If you have an idea, call me or email. I'll give it try.
