

## Andrew Potocnik Demo

Andrew Potocnik from Australia will demonstrate for the Central Illinois Woodturners on Thursday, June 15<sup>th</sup> at 6:00. This two hour plus, special session of the club will be held at our Bloomington meeting location Sprauge's shop. Andrew is an invited international Demonstrator for the 2017 AAW symposium in Kansas City. He is a popular writer in turning magazines around the world including a feature article in the current AAW Journal.

As was discussed at the past meeting, the club has fared very well financially on our recent outside demonstrators. So at this event we will just pass the hat to defray a bit of the cost. I hope many will take advantage of this opportunity to learn from a very talented demonstrator on his first trip to the US. As always any questions call or email Frank Kobilsek, 815-866-5757, [Kobilsek@yahoo.com](mailto:Kobilsek@yahoo.com)

*Please note: Special Night, Special Time and this event does not replace our June Meeting*
