

CENTRAL ILLINOIS WOODTURNERS

NOVEMBER NEWSLETTER

Meeting Monday November 12, 2018 at 6:30
At Bloomington

YOUTH BUILT
360 Wylie Drive
Normal, Illinois 61761

The CIW website (centralillinoiswoodturners.com) has a detailed map in the calendar section if you need additional directions.

Demo

Jerry Rhodes will demonstrate how to turn a 3 cornered bowl. This is a fun project and the result is an interesting bowl that has people asking how did you do that?

President's November/December Challenge – Finial

Turn a **finial** that is not more than 3" high and 1" in diameter. A temporary base may be used to display the finial, or it may be attached to anything of your choice or simply laid on the table for display. The finial may have one "bead" or more beads. There may be two or more coves and filets. Strive for fine details and a delicate shape.

All 2018 President Challenges are listed on the Calendar tab on the club web page.

Turning Saturday Update

Turning Saturday was held November 3 at the Youth Built building in Normal and was a great success. Tim did a great job of organizing the total program with help from a number of club members. The prizes were generous, and the food was delicious. (I ate more than I needed.)

Thanks to all who made it happen and happen with quality!
